

Business Experience

Green Tree Capital

President 1985 – Present

Green Tree Capital provides investment banking services primarily to privately-owned "middle market" companies. The firm has four areas of expertise:

1. Representing sellers of privately owned companies
2. Conducting acquisition search assignments
3. Arranging acquisition financing for transactions
4. Raising debt and equity capital from institutional investors for expansion

Pandick California

Vice President, CFO & Director 1983 – 1985

Responsible for all financial matters including: accounting, financial planning and reporting, information systems, internal controls, risk management, strategic planning, and treasury management for the leading financial printer on the West Coast with plants in Los Angeles, San Francisco and Costa Mesa.

Meridian Marketing Corporation

President and Director 1981 – 1983

Complete P&L responsibility for this international marketing and distribution company that served as the export arm for 35 to 40 domestic manufacturers including more than a dozen Fortune 1000 companies. Primary responsibilities included providing strategic leadership, acquiring new product lines to market and distribute, developing and maintaining existing vendor relations, formulating marketing and sales strategies and staff development.
